

REACH regulation

(EC 1907/2006)

REACH (Registration, Evaluation, Authorization of Chemicals), a European Community Regulation enacted on June 1, 2007, focuses on chemicals and their safe use.

Alcon manufactures surgical, vision care and pharmaceutical products. Alcon is committed to compliance with the REACH regulation (EC 1907/2006). Alcon uses the following SVHC's in our products:
